History

SaNDS InfoTech started its operations in 2007 with the objective of **“Providing IT Software and Security Supports and Integration”** to corporate customers. Within a short period, the organization built a strong customer base across Private, Public, and Government sectors, earning stakeholder confidence.

With evolving industry needs, SaNDS InfoTech rebranded as **SaNDS Lab (Software and Network Development Solutions Lab)** with a new mission statement: **“Provide the right solution at the right time to the right people.”**

Our Slogan:

YOUR IDEA, OUR EXPERTISE, YOUR SUCCESS.

SaNDS LAB™
middle east | @trichur infopark | since 2008
ISO 9001:2015 Certified Company

Empowering Innovation, Transforming Ideas into Reality

SaNDS Lab is a leading software development and IT solutions provider with over **15 years** of expertise in delivering cutting-edge technology solutions to businesses worldwide. With a strong presence in India (**Trichur Infopark, Kerala**) and **Bahrain**, we specialize in custom software development, IT consulting, IT Training and digital transformation strategies.

Who We Are

At SaNDS Lab, we believe in bridging the gap between technology and business success. Our team of highly skilled professionals brings a wealth of experience in various domains, helping clients harness the power of modern technology to optimize operations, enhance customer experience, and drive growth.

WE ARE AN ISO 9001:2015 CERTIFIED COMPANY.

OUR MISSION

“Provide the right solution at the right time to the right people.”

BUSINESS DEVELOPMENT STRATEGY

SaNDS Lab actively pursues innovative technologies and business opportunities that enable global enterprises to transition into digital and AI-driven environments. All our web applications are developed using cloud-based architecture to ensure seamless functionality across any cloud environment. Our focus remains on customer care, ensuring every solution is tailored with transparency and efficiency.

With a commitment to excellence, we aim to revolutionize industries with advanced digital solutions, cloud computing, and cyber security frameworks. Our customers trust us for reliable, cost-effective, and future-ready technology solutions.
